

General Instructions

These tables are divided into five categories: ROTORS, STATORS, D-STATORS, HIGH-LOW WYE STATORS and EXCITERS. The items are listed in descending order by Generac part number

Know what you are looking for. If a stator part number is not found in the STATOR table, be sure to look in either the D-STATOR or HIGH-LOW WYE STATOR tables.

Any questions about items with blank fields should be directed to the factory.

Rotors
