Introduction

Use this index to find the appropriate parts catalog(s) for a known generator set specification (spec) number.

Specification Number

The list is in order by specification number.

Specification Number Table Explanation

Refer to the table and callouts below for a brief description of the column contents within this publication.

| Spec Number | Model | Engine Manufacturer | App. | Parts | Engine | Accessory | Controller |
|-------------|-------|---------------------|------|-------|--------|-----------|------------|
| ① | ② | ③ | ④ | ⑤ | ⑥ | ⑦ | ⑧ |

1. Specification Number

List in order by specification (spec) number.

2. Model

Generator Set Model.

3. Engine Manufacturer

Engine manufacturer. Example: Wisconsin

4. Application

Generator Set Application Cross-Reference

| | |
|-------------------------------------|---|
| Marine | M |
| Portable | P |
| Commercial/Recreational Mobile (RV) | R |
| Industrial | S |
| Residential/Commercial | Z |

5. Generator Set Parts Catalogs

Industrial

Parts catalogs include generator/alternator service parts and engine components added by Kohler Co. Generator Division.

Recreational/Mobile, Marine, Portable

Generator parts catalogs include generator/alternator and engine service parts.

6. Engine Parts Catalogs

Engine parts catalogs developed by Engine manufacturer or Kohler Co., includes engine service parts not included in generator set parts catalogs.

7. Accessory Parts Catalogs

Accessory parts catalogs include parts lists of optional accessory kits installed on industrial generator sets.

8. Controller Parts Catalogs

Controller parts catalogs include service replacement parts for industrial generator set controller groups and controller kits.
