

PARTS BULLETIN

ISSUE DATE: **1/94** MODEL: **20-180 kW** SUBJECT: **Block Heater** NO. **43**
 REVISION DATE: - **Standby** **Changeover Kits**

Block Heater Kit part numbers have been changed to coincide with a change on 20-100RZ and 20-180ROZJ models, and the introduction of 20-100ROZP standby generator sets. This change required the creation of interim block heater kits until new small plastic tank (TPS) style block heaters were available on some RZ and ROZP models. A block heater changeover kit is required to retrofit from the interim kit to the new TPS block heater. This kit includes a block heater and mounting bracket. Use the table below when ordering block heater kit replacement parts.

See Parts Bulletin 31 (PB-31) for replacement parts on block heater kits installed on earlier 20-100RZ and 20-180ROZJ specifications.

Model	Specification Numbers	Rating (Volts)	Installed Block Heater Kit	Block Heater Part Number	Servicable Components
